## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Quest Charter Academy  
Taylor, Michigan

### Report on the Audit of the Financial Statements

#### Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of Quest Charter Academy (the Academy) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Academy, as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Academy, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Academy's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Independent Auditor's Report  
(Continued)

**Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Academy's basic financial statements. The statement of revenues – general fund is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards and the reconciliation of the financial statements' federal revenue with the schedule of expenditures of federal awards are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and are not a required part of the basic financial statements.

The statement of revenues – general fund, the schedule of expenditures of federal awards and the reconciliation of the financial statements' federal revenue with the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the statement of revenues – general fund, the schedule of expenditures of federal awards and the reconciliation of the financial statements' federal revenue with the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated October 30, 2024 on our consideration of the Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of law, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Academy's internal control over financial reporting and compliance.

# QUEST CHARTER ACADEMY

## MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

---

This section of the annual financial report for Quest Charter Academy (the "Academy") provides an overview of the Academy's financial activities as of and for the fiscal year ended June 30, 2024. It should be read in conjunction with the financial statements, which immediately follow this section.

### Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Academy financially as a whole. The Academy-wide financial statements provide information about the activities of the whole Academy, presenting both an aggregate view of the Academy's finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short term as well as what remains for future spending. The fund financial statements look at the Academy's operations in more detail than the Academy-wide financial statements by providing information about the Academy's General Fund.

(Required Supplementary Information)  
Budgetary Information for the Governmental Funds

(Additional Information)  
Statement of Revenues — General Fund

### Reporting the Academy as a whole — Academy-wide Financial Statements

One of the most important questions asked about the Academy is, "As a whole, what is the Academy's financial condition as a result of the year's activities?" The Statement of Net Position and the Statement of Activities, which appear first in the Academy's financial statements, report information on the Academy as a whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

The Academy's Statement of Net Position — the difference between assets and liabilities, as reported in the Statement of Net Position — is one way to measure the Academy's financial position. The relationship between revenues and expenses is the Academy's operating results. The

Academy's goal is to provide services to our students, not to generate profits as private sector companies do. One must consider nonfinancial factors, such as the quality of the education provided and the safety of the Academy, to assess the overall health of the Academy.

The Statement of Net Position and the Statement of Activities report the activities of the Academy, all of which are classified as governmental. These activities encompass all the Academy's services, including instruction and support services. State aid (based on student count) and state and federal grants finance most of these activities. The Academy has entered into a services agreement (the "agreement") with National Heritage Academies, Inc. (NHA) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the agreement, NHA also provides the facility in which the Academy operates. Under the terms of the agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

### **Reporting the Academy's Fund Financial Statements**

The Academy's fund financial statements provide detailed information about the most significant funds — not the Academy as a whole. Some funds are required to be established by state law. The governmental funds of the Academy use the following accounting approach:

*Governmental Funds* — All of the Academy's services are reported in governmental funds. Governmental fund reporting focuses on showing how money flows into and out of funds and the balances left at year-end that are available for spending. They are reported using an accounting method called modified accrual accounting. Only those revenues that are "measurable" and "currently available" are reported. Liabilities are recognized when incurred. The governmental fund statements provide a short-term view of the operations of the Academy and the services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliations presented as part of the statements.

### **The Academy as a Whole**

Recall that the Statement of Net Position provides the perspective of the Academy as a whole. The table below provides a summary of the Academy's net position as of June 30:

	<b>2024</b>	<b>2023</b>
Assets:		
Current assets	\$ 1,755,365	\$ 1,728,253
Capital assets, net of accumulated depreciation	<u>6,695</u>	<u>7,699</u>
Assets - Current	1,762,060	1,735,952
Liabilities - current	<u>1,695,634</u>	<u>1,659,015</u>
Net position:		
Net investment in capital assets	6,695	7,699
Unrestricted	<u>59,731</u>	<u>69,238</u>
Total net position	<u>\$ 66,426</u>	<u>\$ 76,937</u>

The unrestricted net position of governmental activities represents the accumulated results of life-to-date operations. These assets can be used to finance day-to-day operations without constraints, such as legislative or legal requirements. The results of the current-year operations for the Academy as a whole are reported in the Statement of Activities, which shows the change in net position.

The results of operations for the Academy as a whole are reported in the summarized Statements of Activities (below) which show the changes in net position for the fiscal years ended June 30:

	<b>2024</b>	<b>2023</b>
Revenues:		
State aid	\$ 6,973,030	\$ 6,953,382
Operating grants	<u>3,004,349</u>	<u>2,376,000</u>
Total revenues	9,977,379	9,329,382
Expenses—		
Contracted service fee:		
Instruction	4,632,562	4,007,189
Support services	5,354,324	5,311,425
Food services	-	628
Depreciation (unallocated)	<u>1,004</u>	<u>1,004</u>
Total expenses	<u>9,987,890</u>	<u>9,320,246</u>
SPECIAL ITEM - Transfer of Operations	<u>-</u>	<u>(240,579)</u>
Change in net position	<u>\$ (10,511)</u>	<u>\$ (231,443)</u>

As reported in the Statement of Activities, the cost of governmental activities was \$9,987,890. These activities were primarily funded by the Academy's state aid (based on student count) and governments and organizations that subsidized certain programs with grants.

The Academy experienced a decrease in net position of \$10,511 in 2024. Under the terms of the agreement with NHA, NHA provides a spending account to the board of directors for discretionary expenditures. The primary reason for the change in net position is the timing of these discretionary expenditures.

A reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds to the Statement of Activities appears on page 12.

### **Fund Financial Statements**

As we noted earlier, the Academy uses funds to help it control and manage money for particular purposes or as required by state law. Looking at funds helps the reader to consider whether the Academy is being accountable for the resources that the State and others provide to it and may provide more insight into the Academy's overall financial health.

The Academy's instruction and support services activities are reported in the General Fund. The Academy's fund balance was \$59,731 at June 30, 2024.

A reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position appears on page 11.

### **General Fund Budgetary Highlights**

Over the course of the year, the Academy revises its budget to reflect changes in revenues and expenditures. State law requires that the budget be amended to ensure that expenditures do not exceed appropriations. A schedule showing the Academy's original and final budget amounts compared with amounts actually paid and received is provided in the required supplementary information of these financial statements.

Budgeted revenues for the General Fund were decreased by \$49,188 from the original budget. Revenues were changed to reflect the following:

State Aid	<i>Decrease</i>
Other State Sources	<i>Increase</i>
Local Sources	<i>Increase</i>
Federal Sources	<i>Decrease</i>
Private Sources	<i>Increase</i>

Budgeted expenditures for the General Fund were decreased by \$49,188. This change was to reflect the change in anticipated funding. Significant variances between the final budget and actual amounts are disclosed in the notes to the financial statements (Refer to Note 2). In total actual expenditures exceeded the budget by \$90,680

### **Capital Assets**

At June 30, 2024, the Academy had \$6,695 invested in capital assets, primarily other equipment. Capital assets are substantially provided as part of the agreement with NHA.

## **General Economic Factors and Next Year's Budgets**

Our officials and administration consider many factors when setting the Academy's 2025 fiscal year budget. One of the most important factors affecting the budget is our student count. The state foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. The blended count for the 2025 fiscal year is expected to be 90% and 10% of the October 2024 and February 2024 student counts, respectively. The 2025 budget was adopted in May 2024. Approximately 70% of total General Fund revenue is from the foundation allowance. As a result, Academy funding is heavily dependent on the State's ability to fund local school operations. Based on early enrollment data at the start of the 2025 school year, we anticipate that the fall student count will be close to the estimates used in creating the 2025 budget. Once the final student count and related per pupil funding are validated, state law requires the Academy to amend the budget if actual Academy resources are not sufficient to fund original appropriations.

Since the Academy's revenue is heavily dependent on state funding and the health of the State's school aid fund, the actual revenue received depends on the State's ability to collect revenues to fund its appropriation to public school academies. The State periodically holds a revenue-estimating conference to estimate revenues. If the State estimates funds are not sufficient to fund the appropriation, the legislature must revise the appropriation or proration of state aid will occur. Based on information currently available, no significant changes are expected to occur in the nature of the funding or operations of the Academy in 2025.

## **Contacting the Academy's Financial Management**

The financial report is designed to provide users of the report with a general overview of the Academy's finances and to demonstrate the Academy's accountability for the money it receives. If you have questions about this report, contact the Chief Financial Officer of National Heritage Academies, Inc., 3850 Broadmoor SE, Suite 201; Grand Rapids, Michigan 49512.

Net change in fund balance — total governmental funds	\$ (9,507)
Governmental funds report capital outlays as expenditures, in the statement of activities these costs are allocated over their useful lives as depreciation	(1,004)
Revenue reported in the statement of activities that does not provide current financial resources and are not reported as revenue in the governmental funds	145,037
Revenue reported in the governmental funds as available and measurable — reported in the statement of activities in prior years	(68,455)
Contracted service fee recognized consistent with the revenue policy	<u>(76,582)</u>
Change in net position of governmental activities	<u>\$ (10,511)</u>

See notes to financial statements.

# QUEST CHARTER ACADEMY

## NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024

---

### 1. NATURE OF OPERATIONS

Quest Charter Academy (the “Academy”) is a Michigan Public School Academy that provides education based on rigorous teaching methods, parental involvement, student responsibility, and basic moral values. The Academy provides education, at no cost to the parent, to students in kindergarten through eighth grade. Enrollment is open to all appropriately aged children without regard to gender, ethnic background, disability, and/or religious affiliation. The Academy operates under a charter contract approved by Central Michigan University, which is responsible for oversight of the Academy’s operations. The charter contract expires June 30, 2025 and is subject to renewal. Central Michigan University Board of Trustees receives three percent of state aid funds as an administrative fee. The total administrative fee for the year ended June 30, 2024, paid to the Central Michigan University Board of Trustees was \$200,670.

The Academy is exempt from taxation as a governmental entity pursuant to Internal Revenue Code Section 115. The Academy qualifies for public charity status by meeting the requirements of Internal Revenue Code Sections 509(1) and 170(b)(1)(A)(ii).

The Academy’s primary source of revenue is provided by the State of Michigan and consists of an amount per student multiplied by weighted average student counts. The state revenue is recognized ratably over the school year and is funded through payments from October 2023 through August 2024.

The Board of Directors of the Academy has entered into a services agreement (the “agreement”) with National Heritage Academies, Inc. (NHA) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the agreement, NHA also provides the facility in which the Academy operates. The agreement will continue until the termination or expiration of the charter contract, up to a maximum of five years, unless at least 90 days written notice of intent to terminate or renegotiate is given by either the Academy or NHA.

Under the terms of the agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the Academy from all revenue sources.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Academy-Wide and Fund Financial Statements** — The Academy-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. Governmental activities, which normally are supported by intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All the Academy’s government-wide activities are considered governmental activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenue includes (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Revenues not classified as program revenues are reported instead as general revenue.

### **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

*Academy-Wide Statements* — The Academy-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

When an expense is incurred for purposes for which both restricted and unrestricted net position, or fund balance are available, the Academy's policy is to first apply restricted resources. When an expense is incurred for purposes which amounts in any of the unrestricted fund balance classifications could be used, it is the Academy's policy to spend funds in this order: committed, assigned and unassigned.

*Fund Based Statements* — Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Academy considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Revenue not meeting this definition is classified as a deferred inflow of resources. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. The contracted service fee to NHA is recorded consistent with the recognition of revenue.

*Fund Classification* — The financial activities of the Academy are organized on the basis of funds. The operation of each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

*General Fund* — The General Fund is used to account for the general educational programs of the Academy. Its revenues are derived primarily from the State of Michigan.

*Capital Assets* — Capital assets, which include other equipment, are reported in the applicable governmental column in the Academy-wide financial statements at historical costs of more than \$5,000 and an estimated useful life in excess of one year.

Other equipment is depreciated using the straight-line method over useful lives of 3–10 years.

*Estimates* — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("generally accepted accounting principles") requires management to make estimates and assumptions that affect the reported

amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and expenditures during the reporting period. Actual results could differ from those estimates.

*Cash* — Cash as of June 30, 2024 represents bank deposits which are covered by federal depository insurance. Accordingly, there are no investments which are required to be categorized according to risk.

*Unavailable and Unearned Revenue* — Unavailable revenue is reported in connection with receivables for revenue that is not considered available and measurable to liquidate liabilities of the current period. Unearned revenue is reported in connection with funds that have been received for services which have not been performed and is therefore not yet earned. As of June 30, 2024, a deferred inflow for unavailable revenue was recognized for \$145,037 and a liability for unearned revenue was recognized for \$1,021,815.

*Contracted Service Fee Payable* — Contracted service fee payable as of June 30, 2024 represents a timing difference between funds received from governmental sources and amounts payable to NHA in accordance with the agreement.

*Fund Balance* — Fund balances may be classified as nonspendable, restricted, committed, assigned, or unassigned. The terms nonspendable and restricted are used either to indicate that certain assets do not represent spendable resources available for general educational programs or to earmark a portion of fund balance as legally segregated for a specific future use. The term committed represents amounts that can only be used for the specific purpose determined by a formal resolution of the board. The term assigned is used to classify the fund balance intended to be used by the board, but does not meet the criteria to be restricted or committed. The term unassigned is used for amounts that have not been restricted, committed, or otherwise assigned for future uses. At June 30, 2024, the Academy had \$16,857 in committed fund balance and \$42,874 in unassigned fund balance. The committed fund balance has been committed by resolutions of the Board of Directors for student, parent and staff appreciation, athletics, and board training and development.

*Budgetary Information* — Annual budgets are adopted on a basis utilizing generally accepted accounting principles and consistent with state law for the general and special revenue funds.

The budget document presents information by fund and function. The legal level of budgetary control adopted by the governing body (i.e., the level at which expenditures may not legally exceed appropriations) is the function level. State law requires the Academy to have its budget in place by July 1. The budgets can be amended by the Board of Directors as considered necessary. The budgets were amended to decrease budgeted revenues and expenditures for the General Fund by \$49,188.

During the year the Academy incurred expenditures in the General Fund which were in excess of amounts budgeted in the following categories:

	<u>Budget</u>	<u>Actual</u>
Instruction		
Added needs	1,446,405	1,457,103
Support services:		
Pupil services	470,856	487,351
General Administration	377,850	383,436
School Administration	701,835	719,255
Business & Internal Services	164,197	177,746
Central services	561,976	570,380
Pupil Activities	17,413	26,777
Operations and maintenance	1,562,416	1,597,742
Community Activities	106,609	134,808

In total, expenditures exceeded the budget by \$90,680.

### 3. DUE FROM GOVERNMENTAL REVENUE SOURCES

Receivables as of June 30, 2024 for the Academy included \$1,300,561 in state aid receivable, \$219,781 in other state receivables, \$6,541 in other receivables, and \$160,282 in federal grants receivable. The Academy considers all receivables to be fully collectible; accordingly, no allowance for uncollectible amounts is recorded.

### 4. RISK MANAGEMENT

The Academy is exposed to various risks of loss related to general liability. Commercial insurance policies to cover certain risks of loss have been obtained. There have been no significant reductions in insurance coverage during fiscal year 2024, and claims did not exceed coverage less retained risk deductible amounts in the past three fiscal years.

### 5. CAPITAL ASSETS

Capital asset activity of the Academy's governmental activities was as follows:

	Beginning Balance	Additions	Disposals	Ending Balance
Governmental activities —				
Other equipment	\$ 26,606	\$ -	\$ -	\$ 26,606
Less accumulated depreciation —				
Other equipment	18,907	1,004	-	19,911
Total governmental activities —				
Capital assets, net	<u>\$ 7,699</u>	<u>\$ (1,004)</u>	<u>\$ -</u>	<u>\$ 6,695</u>

### 6. CONTINGENCIES

The Academy has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

## 7. LEASE

The Academy has entered into a sublease agreement with NHA for a facility to house the Academy. The lease term is from July 1, 2023 through June 30, 2024. Annual rental payments required by the lease are \$991,520 payable in twelve monthly payments of \$82,627. This lease is automatically renewed on a year-to-year basis unless a notice of non-renewal is provided by either the Academy or NHA. The lease agreement can be cancelled upon termination of the NHA services agreement.

The Academy is not a party to any leasing arrangements that meet the criteria for recognition of lease assets or liabilities under GASB Statement No. 87, *Leases* based on the noncancellable period being less than 12 months and applicability of the short-term lease exception for the facility lease agreement.

The Academy subsequently renewed the sublease with NHA for the period of July 1, 2024 through June 30, 2025, at the same rental rate.

The Academy is also not a party to any subscription-based IT agreements that meet the criteria for recognition as an asset or liability under GASB statement 96, *Subscription based information technology agreements*, due to the noncancellable period being less than 12 months.

## **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Education of  
Quest Charter Academy  
Taylor, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities and major fund of Quest Charter Academy (the Academy) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements and have issued our report thereon dated October 30, 2024.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Academy's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Academy's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be significant deficiencies or material weaknesses. However, significant deficiencies or material weaknesses may exist that have not been identified.

**Independent Auditor's Report on Internal Control over Financial Reporting  
and on Compliance and Other Matters Based on an  
Audit of Financial Statements Performed in Accordance  
With Government Auditing Standards  
(Continued)**

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*, and is reported as item 2024-001.

Academy's Response to Finding

*Government Auditing Standards* requires the auditor to perform limited procedures on the Academy's response to findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Academy's response was not subjected to the other auditing procedures applied in the audit of the financial statements, and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Education of  
Quest Charter Academy  
Taylor, Michigan

### **Report on Compliance for Each Major Federal Program**

#### ***Opinion on Each Major Federal Program***

We have audited Quest Charter Academy's, (the Academy) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Academy's major federal programs for the year ended June 30, 2024. The Academy's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Academy complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

#### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Academy and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Academy's compliance with the compliance requirements referred to above.

#### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Academy's federal programs.

**Independent Auditor's Report on Compliance  
for Each Major Program and on Internal Control  
over Compliance Required by the Uniform Guidance  
(Continued)**

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Academy's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Academy's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Academy's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Academy's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Academy's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Independent Auditor's Report on Compliance  
for Each Major Program and on Internal Control  
over Compliance Required by the Uniform Guidance  
(Continued)**

**Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

## Reconciliation of Basic Financial Statements Federal Revenue with Schedule of Expenditures of Federal Awards Year Ended June 30, 2024

Revenue from Federal Sources – as reported on financial Statements (Includes all funds)	\$	1,990,241
E-Rate revenue, recorded as federal revenue in the financial statements but not to be included in SEFA		(6,648)
Revenue not meeting availability criteria is not recorded as revenue in the funds but is included in the SEFA.		106,406
Revenue Reported in the Governmental Funds as available and measurable - reported in the SEFA in Prior Year		<u>(68,455)</u>
Federal Expenditures per the Schedule of Expenditures of Federal Awards	\$	<u>2,021,544</u>

See notes to Schedule of Expenditures of Federal Awards.

**1) BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES**

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of Quest Charter Academy (the Academy). The information in this schedule is presented in accordance with the requirements of the Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Academy and therefore it is not intended to and does not present the financial position or changes in net position of the Academy for year ended June 30, 2024. Expenditures reported on the schedule are reported on the accrual basis of accounting. In addition, expenditures reported on the schedule are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

**2) GRANT AUDITOR REPORT**

Management has utilized the Grant Auditor Report in preparing the Schedule of Expenditures of Federal Awards. Unreconciled differences, if any, have been disclosed to the auditor.

**3) ADJUSTMENTS AND TRANSFERS**

Certain prior year expenditures were reallocated between different grants creating adjustments from prior year numbers reported on the SEFA.

**4) INDIRECT COST RATE**

The Academy has elected not to use 10 percent de minimis indirect cost rate allowed rate allowed under the Uniform Guidance.

**5) SUBSEQUENT EVENTS**

All subsequent events related to the major programs were evaluated through October 30, 2024, the date the accompanying reports were available to be issued. No significant event was noted that required adjustment or disclosure in the report.

Community Activities	74,776	106,609	134,808	28,199

**Identification of a Repeat Finding** – This is not a repeat finding from the immediate previous audit.

**Recommendation** – We recommend the Academy monitor variances between actual and budgeted figures for expenditures.

**View of Responsible Officials and Corrective Action Plan** – The Academy agrees with this finding. Although the Academy’s expenses exceeded the final budget, actual revenues also exceeded the budget. The Academy will closely monitor expenses in the future.

### SECTION III – FEDERAL PROGRAM AUDIT FINDINGS

None
