Attendance goal

Status: ACTIVE

Statement: Our goal is to be above 94% daily attendance rate by June of 2025.

Created Date: 04/13/2021

Target Completion Date: 06/30/2025

Strategies:

(1/1): Family Engagement Tied to Learning

Owner: Brandy Croce

Start Date: 04/26/2024

Due Date: 06/30/2025

Summary: "School improvement research demonstrates the importance of focusing family engagement around specific outcomes (Bryk et. al, 2010). Authentic family engagement activities are designed so families support and monitor their children’s education and behavioral goals through a partnership with schools and community-based agencies. High-quality family engagement is linked to learning outcomes (Mapp, & Kuttner, 2013). Family engagement is strongly linked to higher levels of academic achievement, increased attendance, more positive attitudes toward school, and higher graduation rates (Henderson, & Mapp, 2002). A meta-analysis of over 28 studies investigating the impact of family engagement has found a significant and large association between family engagement and the academic achievement of students from early childhood through secondary school (Jeynes, 2016). Family engagement activities that support high expectations for learners and helping learners make real-world connections are the strongest predictors of achievement (Jeynes, 2005). "

Impact Notes

Date	Note	Author
07/27/2022	Our daily average attendance for the 2021-2022 school year was 86.3%. We need to continue working on meeting our goal.	Theresa Lindecker

Adjust Notes

Date	Note	Author
07/27/2022	We use NHA driven data based on daily attendance taken in every classroom. We experienced a decrease in attendance for the 2021-2022 school year as we were recovering from the pandemic and still experiencing scholars being quarantined and missing a large number of days. We will be implementing new strategies for the 2022-2023 school year to work towards our goal.	Theresa Lindecker
