#### **Independent Auditor's Report**

To the Board of Trustees Brooklyn Excelsior Charter School

#### **Report on the Audits of the Financial Statements**

#### Opinion

We have audited the financial statements of Brooklyn Excelsior Charter School (the "School"), which comprise the statement of financial position as of June 30, 2024 and 2023 and the related statements of activities and change in net assets and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the School as of June 30, 2024 and 2023 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the School and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

#### Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are
  appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the
  School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

#### **Other Information**

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise Brooklyn Excelsior Charter School's basic financial statements. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"), and supplemental New York State Education Department schedule of functional expenses, as identified in the table of contents, are presented for the purpose of additional analysis and are not a required part of the financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The supplemental New York State Education Department schedule of functional expenses has not been subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 3, 2024 on our consideration of Brooklyn Excelsior Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Brooklyn Excelsior Charter School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Brooklyn Excelsior Charter School's internal control over financial reporting and compliance.

Alante Moran, PC

### NOTES TO THE FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2024 AND 2023

### 1. NATURE OF OPERATIONS

Brooklyn Excelsior Charter School (the "School") is a public charter school as defined by Article 56 of the New York State Education Law which provides education based on rigorous teaching methods, parental involvement, student responsibility, and basic moral values. The School operates under a charter approved by the State University of New York Charter School Institute, which is responsible for oversight of the School's operations. The charter expires July 31, 2028 and is subject to renewal. Management believes the charter will be renewed in the ordinary course of business. The School provides education, at no cost to the parent, to students in kindergarten through the eighth grade. Enrollment is open to all appropriately aged children without regard to gender, ethnic background, disability, and/or religious affiliation. The School is exempt from federal income tax under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3).

The School's primary source of revenue is provided by the State of New York and consists of an amount per student multiplied by weighted average student counts.

The Board of Trustees of the School has entered into a management agreement (the "agreement") with National Heritage Academies, Inc. (NHA) which requires NHA to provide administration, strategic planning and all labor, materials, equipment, and supervision necessary for the provision of educational services to students. As part of the consideration received under the agreement, NHA also provides the facility in which the School operates. The agreement will continue until termination or expiration of the charter, unless at least 90 days written notice of intent to terminate or renegotiate is given by either the School or NHA.

Under the terms of the agreement, NHA receives as remuneration for its services an amount equal to the total revenue received by the School from all revenue sources and NHA pays the Board of Directors an amount equal to the lessor of two percent of state per pupil aid or \$35,000. These funds are property of the School and may be used by the School at the discretion of the board.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting** — The financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles accepted in the United States of America for not-for-profit organizations.

**Estimates** — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could

**Estimates** — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash** — At June 30, 2024, the School had deposits with a carrying amount of \$2,906,428 and bank balance of \$2,908,228, of which \$2,658,228 was uninsured and uncollateralized by federal depository insurance.

**Restricted Cash** — Under the requirements of the NYSED, the School has agreed to establish a reserve cash account and maintain a minimum balance of \$70,000. At June 30, 2024, \$80,829 of cash is restricted for that purpose. In the event of the dissolution of the School, the reserve cash account would be used to pay for legal and audit expenses associated with the dissolution.

**Deferred Revenue** — Deferred revenue as of June 30, 2024 consists of grant funds received for services which have not yet been performed. The School received cash related to cost-reimbursable grants of \$1,228,393 for June 30, 2024 that are conditioned upon incurring eligible expenditures for which \$1,233,154 of revenue was recognized at June 30, 2024 and \$120,889 has not yet been recognized as revenue.

**Contracted Service Fee Payable** — Contracted service fee payable represents a timing difference between funds received from governmental sources and amounts payable to NHA in accordance with the services agreement.

**Capital Assets** — Capital assets, which include other equipment, are reported at historical cost. Capital assets are defined by the School as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year.

Other equipment is depreciated using the straight-line method over useful lives of 3-10 years.

The Financial Statements — The financial statements are presented as follows:

Net assets and changes therein are classified and reported as follows:

- Net Assets without Donor Restriction Net assets which are not subject to donor imposed or governmental stipulations. Net assets in this category may be expended for any purpose in performing the primary objectives of the School.
- Net Assets with Donor Restrictions Net assets subject to stipulations imposed by donors and grantors. As of June 30, 2024, no net assets are considered to be with donor restrictions

Revenues and contributions are reported as follows:

• Revenues, gains and other support are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed or governmental restrictions. Expenses are reported as decreases in net assets without donor restrictions.

Other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or governmental restriction. Expiration of temporary restrictions on net assets (i.e., the donor-stipulated purposes has been fulfilled and/or the stipulated time has elapsed) are reported as reclassifications between the applicable classes of net assets.

• Revenue from the state and local capitation is recognized over the period earned, regardless of the timing of related cash flows. Grants are recognized as revenue as eligibility requirements are met, the related expenses are incurred, or services performed, in accordance with terms of the respective grant or contract agreement. The School had unspent awards of \$676,508 and \$1,510,152 as of June 30, 2024 and 2023, respectively, representing federal programs such as National School Breakfast and Lunch Program, Title I Part A, Title II Part A, Title IV, and Education Stabilization Fund when related expenses are incurred.

**Income Taxes** — The School operates as a nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The School has received notification from the Internal Revenue Service (IRS) that they are considered exempt from Federal income tax under Section 501(c)(3) of the internal revenue code.

Accordingly, no provision for federal income taxes has been made.

**Contribution of Nonfinancial Assets** – Included as revenue, gains, and other support in the Statement of Activities are contributions of nonfinancial assets also known as gifts in-kind. Contributed professional services are recognized if the services received a) create or enhance non-financial assets or b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. These services are recognized as program revenue and expense and are valued at the estimated fair market value for the services as provided by the donor. There were no contributions of nonfinancial assets during the years ended June 30, 2024 and 2023.

# 3. DUE FROM GOVERNMENTAL SOURCES

Receivables as of June 30, 2024 and 2023 for the School included \$7,703 and \$76,925 in state aid receivable, respectively, \$515,237 and \$621,301 in federal grants receivable, respectively, and \$8,538 and \$8,538 in other receivables, respectively. The School considers all receivables to be fully collectible; accordingly, no allowance for uncollectible amounts is recorded.

# 4. LIQUIDITY

The School has \$546,043 and \$721,032 of financial assets available within one year of the balance sheet date to meet cash needs for general expenditures consisting of cash of \$14,565 and \$14,268, and amounts due from governmental revenue sources of \$531,478 and \$706,764 at June 30, 2024 and 2023, respectively. None of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the balance sheet date.

The School has a goal to maintain financial assets, which consist of cash and short-term receivables on hand to meet 60 days of normal operating expenses, which are, on average, approximately \$2,162,000 and \$2,240,000 at June 30, 2024 and 2023, respectively.

While the School does not typically carry financial assets in excess of 60 days of normal operating expenses, due to their management agreement with NHA, NHA is required make contributions to the School if the School's expenditures exceed the School's revenue during the year.

## 5. FUNCTIONAL EXPENSES

The School provides educational services to its students. Expenses related to providing these services are as follows for the years ended June 30, 2024 and 2023, respectively:

		2024		2023
Program services Contracted service fee	\$	11,676,097	\$	12,111,485
Board expenses	Ψ	33,677	Ψ	35,517
Total program services		11,709,774		12,147,002
Management and general - Contracted service fee		1,262,838		1,293,641
Total	\$	12,972,612	\$	13,440,643

The costs of providing the program and support services are allocated on an actual basis, when possible. Certain expenses attributable to more than one function and require an allocation, which is based on estimates determined by management, is consistently applied. Management and general expenses consist of expenditures incurred by the School based on their usage of management company services. Usage of management company services are calculated on a variety of different allocation methods based on various cost centers, including number of classrooms, number of students, and services provided. Although the methods of allocation used are considered appropriate, other methods could be used that would produce different allocations.

### 6. RISK MANAGEMENT

The School is exposed to various risks of loss related to general liability. Commercial insurance policies to cover certain risks of loss have been obtained. There have been no significant reductions in insurance coverage during fiscal year 2024 or 2023, and claims did not exceed coverage less retained risk deductible amounts in the past fiscal year.

### 7. CONTINGENCIES

The School has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

### 8. LEASES

The School has entered into a sublease agreement with NHA for a facility to house the School. The lease term is from July 1, 2023 through June 30, 2024. Annual rental payments required by the lease were \$2,314,512 payable in twelve monthly payments of \$192,876. This lease is automatically renewed on a year-to-year basis unless a notice of non-renewal is provided by either the School or NHA.

The School is not a party to any leasing arrangements that meet the criteria for recognition of lease assets or liabilities under FASB ASU No. 2016-02, *Leases* based on the noncancellable period being less than twelve months and applicability of the short-term lease exception for the facility lease agreement.

The School is in the process of renewing the sublease with NHA for the period of July 1, 2024 through June 30, 2025 at the same rental rate.

### 9. SUBSEQUENT EVENTS

Events or transactions for the year ended June 30, 2024 have been evaluated through October 3, 2024, the date the financial statements were available to be issued. The financial statements and the notes thereto do not reflect events or transactions after this date.

# Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

#### Independent Auditor's Report

To Management and the Board of Trustees Brooklyn Excelsior Charter School

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of Brooklyn Excelsior Charter School (the "School") which comprise the statement of financial position as of June 30, 2024 and the related statements of activities and changes in net assets and cash flows for the year then ended, and the related notes to the basic financial statements and have issued our report thereon dated October 3, 2024.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To Management and the Board of Trustees Brooklyn Excelsior Charter School

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Plante Moran, PC

October 3, 2024

SUPPLEMENTARY INFORMATION

#### Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

#### Independent Auditor's Report

To the Board of Trustees Brooklyn Excelsior Charter School

#### **Report on Compliance for Each Major Federal Program**

#### **Opinion on Each Major Federal Program**

We have audited Brooklyn Excelsior Charter School's (the "School") compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on the School's major federal program for the year ended June 30, 2024. The School's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the major federal program for the year ended June 30, 2024.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

#### **Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School's federal program.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

To the Board of Trustees Brooklyn Excelsior Charter School

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Alante Moran, PC

# Notes to the Schedule of Expenditures of Federal Awards Year Ended June 30, 2024

# Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Brooklyn Excelsior Charter School (the "School") under programs of the federal government for the year ended June 30, 2024. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the School, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the School.

# Note 2 - Summary of Significant Accounting Policies

Expenditures reported in the Schedule are reported on the same basis of accounting as the basic financial statements. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The School has elected not to use the 10 percent de minimis indirect cost rate to recover indirect costs as allowed under the Uniform Guidance.

Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

# Note 3 - Grant Auditor Report

Management has utilized the Federal/State Grant Payments – End of Year Report as published by the New York State Education Department in preparing the schedule of expenditures of federal awards. Unreconciled differences, if any, have been disclosed to the auditor.

# Schedule of Findings and Questioned Costs Year Ended June 30, 2024
